

# 2024 Passover Product Directory Prepared by STAR-K

## HOW TO USE THE PRODUCT DIRECTORY

### Products are Kosher for Passover only when the conditions indicated below are met.

☆**P Required** - These products are certified by STAR-K for Passover only when bearing STAR-K P on the label.

☆**No P Required** - These products are certified by STAR-K for Passover when bearing the STAR-K symbol. No additional "P" or "Kosher for Passover" statement is necessary.

**P Required** - These products are certified for Passover by another *kashrus* agency when bearing their kosher symbol followed by a "P" or "Kosher for Passover" statement.

**No P Required** - These products are certified for Passover by another *kashrus* agency when bearing their kosher symbol. No additional "P" or "Kosher for Passover" statement is necessary.

### Please also note the following:

- Packaged dairy products certified by STAR-K are *Cholov Yisroel* (CY).
- Products bearing STAR-K P on the label do not use any ingredients derived from *kitniyos* (including *kitniyos shenishtanu*).
- Agricultural products listed as being acceptable without certification do not require a *hechsher* when grown in *chutz la'aretz* (outside the land of Israel). However, these products must have a reliable certification when coming from Israel as there may be *terumos* and *maasros* concerns.
- Various products that are not fit for canine consumption may *halachically* be used on Pesach, even if they contain *chometz*, although some are stringent in this regard. As indicated below, all brands of such products are approved for use on Pesach. For further discussion regarding this issue, see page 106.

## QUINOA

Quinoa is Kosher l'Pesach and  
is not related to the five types of  
chometz grains, millet or rice.  
However, because there is a  
possibility that quinoa grows in  
proximity to chometz grains and  
may be processed in facilities  
that compromise its Kosher for  
Passover status, quinoa should  
be accepted only with a reliable  
Kosher for Passover approval.

In addition, there have  
been infestation issues in  
many brands of quinoa. We  
recommend quinoa be checked  
prior to use.

The following is certified by  
STAR-K:
