1. Kitniyos *Shenishtanu* even with KFP symbol.

2. Should be avoided on Pesach.

3. Unless bearing a reliable Passover certification.

4. Only acceptable when the certifying agency has documented that all chometz issues have been resolved. *Mishnah Berura* 453:13.

5. Those people who eat rice on Pesach should confirm their rice is *Kosher l'Pesach* and free of problematic additives. For more information, see [www.star-s.org](http://www.star-s.org).

6. The bulbs, root, and greens of these items are not *kitniyos*; it is only the seeds that are an issue.

7. This ingredient can be sourced from chometz, *kitniyos*, or *Kosher l'Pesach* sources. It may not be used on Pesach unless it has approved certification. Even with a valid certificate, it may be *kitniyos shenishtanu*.
